Stratified Polyhedra

eulerian stratification of polyhedra - core - *tions on arbitrary polyhedra. the eulerian stratified spaces are characterized by the euler characteristics of the links between strata. with the new concepts, the classical dehn]sommerville equations are generalized to weighted f-vectors of arbitrary polyhedra; and the linear conditions on weighted f-vectors of all stratified* **whitney stratified chains and cochains** - *whitney stratified chains and cochains 177 a (possibly empty) locally finite union of /-dimensional submanifolds of m (the components of which are called the strata of dimension /), such that each pair of strata satisfies whitney's condition b [4], [11], [18]. it follows that if s and t are* **homotopically stratified sets frank quinn journal of the ...** - *stratified sets developed by r. thom [211 and others [22] have given an effective context for smooth and pl phenomena (for example real semialgebraic sets are smoothly stratified, and polyhedra are pl stratified), but the topological version has been less successful. among other problems, there are examples which are* **deformation of homeomorphisms on stratified sets** - *stratified sets, and often of a lesser depth. thus it will only clarify matters to deal from the outset with suitable stratified sets. i take this opportunity to introduce classes of pleasant stratified sets that may come to be the topological analogues of polyhedra in the piecewise-linear realm or of thom's stratified sets in the ...* **combinatorics: topics, techniques, algorithms, 1994, 355 ...** - *a primer of abstract algebra , robert b. ash, sep 10, 1998, mathematics, 181 pages. a textbook in abstract algebra for those unused to more formal accounts..* **sharp z 50 z 52ii z 52 compact copier service repair ...** - *sharp z 50 z 52ii z 52 compact copier service repair manual ebook sharp z 50 z 52ii z 52 compact copier service repair manual currently available at zeebba for review only, if you need complete ebook sharp z 50 z* **surgery and stratified spaces - vanderbilt university** - *surgery and stratified spaces 321 along strata. for example, consider the famous whitney umbrella which is the locus of x2 = zy2, an algebraic set in r3e singular set §v is the z-axis and is a smooth manifold, so one obtains just two strata, v n §v and §vever, there is a drastic change in the neighborhood of §v in v as one passes through the origin: for negative z small neighborhoods* **lecture notes in mathematics - springer** - *lecture notes in mathematics vols. 1-216 are also available. for further information, please contact your book-seller or springer-verlag. voi. 217: t. j. jech, lectures in set theory.* **the intersection dold-thom theorem** - *ing stratified polyhedra. a filtered space (x, 3e) is a space x with a jiltration of x by closed (at least when x is of finite dimension) subspaces of x. all filtrations considered in this paper are finite. the elements xk of x will be called skeleta, and the* **lecture notes in mathematics - springer** - *lecture notes in mathematics edited by a dold and b. eckmann 452 combinatorial mathematics ill proceedings of the third australian conference held at the university of queensland, 16-18 may, 1974 edited by anne penfold street and w. d. wallis springer-verlag berlin· heidelberg· new york 1975* **electronic research announcements of the american ...** - *electronic research announcements of the american mathematical society volume 2, number 2, october 1996 s 1079-6762(96)00010-8 geometric topology of stratified spaces bruce hughes (communicated by walter neumann) abstract. a theory of tubular neighborhoods for strata in manifold strati ed spaces is developed.* **isomorphism problems for hypergraphs -
